Dear Friends,

I have had the pleasure of working with Rav Yehonasan Berger in the years I spent with Yeshivas Aish Hatorah and witnessed the success of his marking system in opening Shas to many who were about to give up on Gemara study altogether. I see it as an effective means of attaining clarity in the structure of the Daf in relatively little time and would suggest it for those seeking independence in preparing the Daf and retaining the basic shakla v'itaria. Magidei'shiur should certainly give it serious consideration as a valuable aid to their tzibbur.

Sincerely,

Yitzchak Berkovits
